WH Questions

Lecture Goal: Future में “कुछ होगा / कहीं पर कुछ होगा / कुछ नहीं होगा / क्या कुछ होगा / कब-कहां-क्यों होगा” जैसे sentences को **There + will be** से बनाना सीखना।

1. Revision — There Across Three Tenses

Lecture में पहले There के तीन time frames को connect किया गया:

Time	Helping Verb	Basic Pattern	Example
Present	is / are	There + is/are + object	There is a table.
Past	was / were	There + was/were + object	There was a table.
Future	will be	There + will be + object	There will be a table.

Core Idea: Object लगभग वही रह सकता है; **time बदलने पर helping verb बदलती है**.
है → is/are | था/थी/थे → was/were | होगा/होगी/होंगे → will be

2. Main Rule — There in Future

जब Future में बताना हो कि **कहीं कुछ होगा** या कोई चीज अस्तित्व में होगी, तो:

There + Will Be + Object

Important: Future में **will be** सभी subjects/objects के साथ same रहता है. Singular या plural के लिए अलग helping verb नहीं बदलती.

Hindi	English
बिल्ली होगी।	There will be a cat.
पानी होगा।	There will be water.
लोग होंगे।	There will be people.
कोई समस्या होगी।	There will be a problem.
अच्छी कहानी होगी।	There will be a good story.

Build the sentence: “क्या होगा?” नहीं—पहले **object** पहचानो. फिर **There + will be** लगाओ और object जोड़ो.

3. There + Will Be + Object + RPS

जब sentence में place, time या बाकी information हो, तो structure:

There + Will Be + Object + RPS

RPS = Remaining Parts of Sentence

यानी sentence में object के बाद आने वाली बाकी information.

Hindi	English
पेड़ पर बंदर होगा।	There will be a monkey on the tree.

गांव में चोर होगा।	There will be a thief in the village.
घर में लोग होंगे।	There will be people at home.
दरवाजे पर साधु होगा।	There will be a monk at the door.

at home

There will be people **at home**.

"home" के साथ यहाँ at use किया गया.

at the door

There will be a monk **at the door**.

Specific point/location के लिए lecture example.

4. More Positive Practice

Hindi	English
शाम को एक बैठक होगी।	There will be a meeting in the evening.
शहर में नया पार्क होगा।	There will be a new park in the city.
नीति में बदलाव होंगे।	There will be changes in the policy.
सभी के लिए खाना होगा।	There will be food for all.
पुस्तकालय में नई किताबें होंगी।	There will be new books in the library.

Time expression:

शाम → **in the evening**

सुबह → **in the morning**

Lecture में "morning" के साथ full phrase **in the morning** पर जोर दिया गया.

5. Negative Sentences

जब कहना हो कि **कहीं कुछ नहीं होगा**, lecture में **no** का use किया गया:

There + Will Be + No + Noun + RPS

Important pattern point: इस structure में **will be** साथ रहता है और **no** उसके बाद आता है.

Hindi	English
इस हफ्ते कोई परीक्षा नहीं होगी।	There will be no exam this week.
मरम्मत के दौरान बिजली नहीं होगी।	There will be no electricity during repair.
रविवार को कक्षाएं नहीं होंगी।	There will be no classes on Sunday.
रात को ट्रैफिक नहीं होगा।	There will be no traffic at night.
कार्यक्रम में मेहमान नहीं होंगे।	There will be no guests in the program.

No vs Not: Lecture ने There वाले negative pattern में **no** को central form के रूप में practice कराया: **There will be no...**

6. Interrogative Sentences

जब पूछना हो कि **क्या कुछ होगा?**, तो **will** आगे आ जाता है:

Will + There + Be + Object + RPS?

Hindi	English
क्या पार्टी में नाश्ता मिलेगा?	Will there be breakfast in the party?
क्या अगले सप्ताह छुट्टी होगी?	Will there be a holiday next week?
क्या सभी के लिए कुर्सियां होंगी?	Will there be chairs for all?

क्या सुबह 6 बजे बस होगी?	Will there be a bus at 6 o'clock in the morning?
क्या रविवार को क्रिकेट मैच होगा?	Will there be a cricket match on Sunday?

Speaking Drill: “क्या होगा?” → **Will there be...** बोलना शुरू करो → object → place/time.

7. Interrogative Negative

“क्या ... नहीं होगा?” के लिए pattern:

Will + There + Be + No + Noun + RPS?

Hindi	English
क्या शादी में मेहमान नहीं आएंगे / नहीं होंगे?	Will there be no guests in the marriage?
क्या सुबह बिजली नहीं होगी?	Will there be no electricity in the morning?
क्या खेल प्रतियोगिता नहीं होगी?	Will there be no competition?
क्या कार्यक्रम में संगीत नहीं होगा?	Will there be no music in the program?
क्या कक्षा में बदलाव नहीं होगा?	Will there be no change in the class?

Pattern memory: Positive → **Will there be...**

Negative → **Will there be no...**

8. WH Questions

अब “कब, कहाँ, क्यों, कितने...” जैसे questions में WH word सबसे आगे आएगा.

WH + Will + There + Be + Object + RPS?

Hindi	English
परीक्षा कब होगी?	When will there be an exam?
बैठक कहाँ होगी?	Where will there be a meeting?
छुट्टी क्यों होगी?	Why will there be a holiday?
कितने छात्र होंगे?	How many students will be there?

Special observation: “How many students will be there?” में **there** sentence के अंत में आ गया. यहाँ focus quantity पर है और pattern natural question के हिसाब से बनता है.

Not every “who/what” sentence needs There:

“मेहमान कौन होगा?” → **Who will be the guest?**

यहाँ lecture ने इसे direct **Be verb** sentence माना, इसलिए There नहीं लगाया.

9. Complete Future Pattern Map

Type	Pattern	Example
Positive	There + will be + object + RPS	There will be a new park in the city.
Negative	There + will be + no + noun + RPS	There will be no traffic at night.
Interrogative	Will + there + be + object + RPS?	Will there be a meeting in the evening?
Interrogative Negative	Will + there + be + no + noun + RPS?	Will there be no music in the program?
WH Question	WH + will + there + be + object + RPS?	When will there be an exam?

10. Three-Tense Master Chart

Hindi Time	Pattern	Example
कुछ है	There + is/are + object	There is a table.
कुछ था	There + was/were + object	There was a table.
कुछ होगा	There + will be + object	There will be a table.

Golden Rule: There को एक common starter की तरह देखो. सबसे बड़ा change tense की helping verb में है.
